→ What is the Summer School of Civil Law ?

International legal meeting for Civil law and legal culture, this event brings together every year over a hundred students and legal practitioners from all around the world. In 2021, the Summer School is back in a 100% digital format, from June 29th to July 29th, considering travel restrictions due to the health crisis.

Our ambition remains the same: to provide all participants with a body of knowledge on civil law, its evolution, and its influence on legal and economic models around the world.

→ **Feedbacks**

«No other program can be compared to the summer school of civil law; it is an exceptional discussion forum between students and professionals. I had the pleasure to participate at the 10th edition and it is with lots of satisfaction that I certify the excellence of the professors, the quality of the classes, the diversity of the participants and the kindness of all the team. It is, without doubt, a unique occasion to learn, share and contribute to the consolidation of a global jurist network. A big thanks you to the Foundation!»

«Participate to the FDC program was the best moments I have passed in formation, thanks to the relevance of the program focused essentially on International business law. It is an enriching experience, thanks to the multicultural melting-pot of the participants coming from five continents. Thanks to the FDC!»
